Blacksheep RC Modelers

May 2024 Meeting Minutes

Rege opened the meeting with 20 members present. We currently have 93 members for 2024.

Our Spring Float Fly-in will be held on May 4 at Gibbs Memorial Park. This event has been sanctioned by AMA, therefore, no plane ID's will be required. The event is scheduled for 10 AM to 3 PM. The rain date is May 5.

The AMA Fun Fly will be on June 28-30 and we have committed to assist with the event although we have not received further information.

There will be an EDF Jet Jam Saturday, May 11, at Morristown.

We will have an informal Warbird Fly-in June 22 with the official Warbird Fly-in to occur in October.

I announced that we have received our 2024 Gold Club Certificate. I also announced that I am posting a membership roster on the bulletin board with telephone numbers and email addresses. If your telephone number or

email address is not listed, then you have not given us permission to publish them. If your name is missing, we have not received your dues for 2024. If you want your telephone number or email address or both of them listed, please send an email to plwycoff@yahoo.com indicating what you would like listed.

Paul Wycoff

Black Sheep Secretary

Presidents message:

I hope everyone had a wonderful and safe Memorial Holiday weekend. And, thank you to all those veterans who have served our great country. We have had a few good days on weekends and many of us have taken advantage and got in some flying. The field is in great shape! Turbine jets, EDF jets and smaller rc aircraft have no issues getting off the ground, be sure to thank Warren, Harold, Rick and others are keeping it maintained.

Alos, we have a couple new members that are in the youth category. Very nice to see younger kids enjoying rc aviation and both fly well. We have a fantastic membership that flies every type of rc aircraft you can imagine. And our members are always willing to help others be successful.

For those of you who were able to participate in our spring float fly at Gibbs Memorial Park, we had 34 registered pilots and at times there were four or five aircraft in the air. Lots of fun and I think we will be invited for a fall float fly. For those of you who missed it, there are a few photos on our website pictures page and our Facebook site., Thanks to Scott Balck for keeping the Facebook page going. June is a busy month, Indianapolis RC Modelers have their annual Cubs & Floaties Fly In on the 8th, our June warbird warmup is the 22nd and we end the month with the AMA National Fun Fly on the 28-30 at Muncie. The AMA leadership has asked us to come on Saturday the 29 to help out with trainers and the simulator trailer. We will need a good showing from members for this event. Back to the warbird warmup, I look forward to that day since many of have warbirds that don't get flown often enough. John Killinger flew his large Stuka this past weekend, very nice. Photo below of John's Stuka and a photo of my Voyager jet in Thunderbird scheme and a photo of several guys doing a jet day at Muncie in April. Till next month, hope to see you at the field, take advantage of our nice facility. Rege
