Thank you so much for your huge donation of food to the Nutrition Club and your general support of the program! Thank you for being someone in our community we can count on to care and ACT! So grateful!

When we started this program, we understood there was a need, but it is far greater than we anticipated. To date, 68 children are receiving backpacks of supplemental weekend food each Friday. Some of the backpacks have double servings to feed non-school age children in the households. We are providing enough food for 76 children each week.

The principals and counselors at North and South Elementary have expressed their gratitude to our community for coming together to assist these families. Unfortunately, they see too many children who are in need of basic life necessities. Learning takes a back seat. It is our hope that we can do a little to ease the struggle for these families and show them that as a community, we care.

Please know the impact your gift is making! We are so grateful to you! I will keep you updated on the program.

Take care,

Julie Randall
